## About the Workshop

Emerging Research Topics in Engineering (ERTE) is a flagship event of IEEE Gujarat Section, which focuses on recent trends and challenges on a specific theme. The **Theme** of this version of ERTE is **Artificial Intelligence** and **Machine Learning**. The workshop invites eminent experts from academia and industry, leading to in-depth knowledge sharing with participants on the topics of Artificial Intelligence, Machine Learning, and Deep Learning. The forum also aims to provide a platform for PhD students to discuss their on-going research work in the form of poster presentation.

## About IEEE Gujarat Section

IEEE Gujarat Section (<http://ieeegujaratsection.org>) comes under Asia-Pacific Region, the Region 10 of IEEE. The Section is currently equipped with 30 student branches, 10 society chapters and 2 council chapters. The Section continually engages in conducting quality technical events, expert talks, meetings and volunteer development programmes throughout the year.

## Institute of Technology, Nirma University

The Institute of Technology, Nirma University (<http://www.nirmauni.ac.in/>) is a leading institute offering multidisciplinary undergraduate and postgraduate programmes in engineering. The institute is NAAC 'A' grade accredited and identified with cutting edge research, robust academic programmes, quality teaching-learning process and over-all development interventions for its students. The state of the art campus provides refreshing environment and stimulates intellectual growth and creativity.
