

Digital Parts & Your IP - Protected Correct, Consistent AM - Enforced

Rather than wait for a major IP debacle to raise awareness, LEO Lane ... created a preemptive solution for the market.

Sarah Goehrke, Forbes

Secure, Consistent, Seamless

- Enable **secure virtual inventory**, cost savings, added revenues
- Ensure **consistency** throughout Additive Manufacturing workflow
- **Protect your IP**, manufacturing know how, & design
- **Track** when, where, & how each item was produced
- **No changes** to IT policies & procedures (file backup, etc.)
- **Integrated** with major ecosystem players (e.g., SAP)

Corporate Grade Additive Manufacturing

- **Safeguard** your:
 - *Virtual Inventory*
 - *On Demand Manufacturing*
 - *Digital Tracking and Audit Trail*
- **Protect** Brand and Reputation
- **Lower downtime** of machinery (Tools, Jigs & Fixtures)
- **Respond faster**, increase customer loyalty
- Cost and Benefit in Synch – **Priced by volume**
